### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joseph Agostino on January 18, 2005.

The application has been amended as follows:

In claim 1 line 16, after "sizes" insert:

--; wherein said free ends of said liner leg are movable between a first position, in which said free ends abut each other, and a second position in which said free ends are spaced apart from each other; wherein said free ends of said inner legs move from said first position to said second position in response to insertion of a wire in said wire slot;

wherein each of said outer legs has an inboard side proximate to said wire slot and an outboard side opposite said inboard side; wherein each of said inner legs has an inboard side proximate to said wire slot and an outboard side opposite said inboard side;

wherein one of said outer legs has a first stop extending from said inboard side thereof toward said outboard side of an adjacent one of said inner legs, and the other of said outer legs has a second stop extending from said inboard side thereof toward said outboard side of the other of said inner legs, said first stop defining the limit of said
